National Academies Press. Paperback. Book Condition: new. BRAND NEW, Quarantine Stations at Ports of Entry Protecting the Public's Health, Committee on Measures to Enhance the Effectiveness of the CDC Quarantine Station Expansion Plan for U.S. Ports of Entry, National Academy of Sciences, Board on Global Health, Board on Population Health and Public Health Practice, Institute of Medicine, To mitigate the risks posed by microbial threats of public health significance originating abroad, the Centers for Disease Control and Prevention (CDC) places small groups of staff at major U.S. airports. These staff, their offices, and their patient isolation rooms constitute quarantine stations, which are run by CDC's Division of Global Migration and Quarantine (DGMQ). Congress began to allocate funds in fiscal 2003 for the establishment of new quarantine stations at 17 major U.S. ports of entry that comprise airports, seaports, and land-border crossings. In a significant departure from the recent past, both the preexisting 8 quarantine stations and the new 17 are expected to play an active, anticipatory role in nationwide biosurveillance. Consequently, DGMQ asked the Institute of Medicine (IOM) to convene an expert committee to assess the present CDC quarantine stations and recommend how they should evolve to meet the challenges...

Reviews

The publication is great and fantastic. I actually have read through and i am sure that i am going to planning to go through yet again yet again down the road. I realized this pdf from my dad and i encouraged this publication to understand.
