Alfie Kohn has a knack for bursting the bubbles that surround just about every school topic imaginable, from putting kids into uniforms to make them behave better to raising kids self-esteem by rewarding them with stickers and pizza for reading books and doing homework. This collection of previously published essays reminds us that many schools have veered off course in their day-to-day business. And its a primer that, if taken seriously, can put schools back on the right track. --Educational Leadership Through his writings and speeches, Alfie Kohn has been stirring up controversy for years, demonstrating how the conventional wisdom about education often isnt supported by the available research, and illuminating gaps between our long-term goals for students and what actually goes on in schools. Now What to Look for in a Classroom brings together his most popular articles from Educational Leadership, Phi Delta Kappan, and Education Week--and also from The Atlantic Monthly, the Boston Globe, and other publications. From self-esteem to school uniforms, from grade inflation to character education, Kohn raises a series of provocative questions about the status quo in this collection of incisive essays. He challenges us to reconsider some of our most basic assumptions about children and education. Can good values really be instilled in students What, if anything, lies behind the label of attention deficit disorder Are there solid data to support our skepticism about watching TV Might such allegedly enlightened practices as authentic assessment, logical consequences, and Total Quality education turn out to be detrimental Whether he is explaining why cooperative learning can be so threatening or why detracking is so fiercely opposed, Kohn offers a fresh, informed, and frequently disconcerting perspective on the major issues in education. In the And,...
