Reviews

This book may be worth purchasing. It typically fails to expense excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Ken Watsica)

THE MEANINGS OF DEATH

Cambridge University Press, New Delhi, India, 1993. Paperback. Book Condition: New. First Edition. In *The Meanings of Death*, John Bowker offers a major contribution to debates about the value of death and its place in both Western and Eastern religions. Examining the themes of friendship and sacrifice in the world's major religions, Bowker argues that there are points of vital contact with secular understandings of death, and that religious and secular attitudes can support and reinforce one another. An affirmative recovery of the value of death is important in our response to bereavement, and in the treatment of the terminally ill. By indicating how value can be maintained at the limit of life, without a search for illusory compensation in an afterlife beyond it, Bowker enriches our experience and understanding of the final question in a way which is always sensitive and often moving. Printed Pages: 257.
