

Ideology of Religions: Scientific Proof of Existence of God: The Catalog of Human Population. (Paperback)

By Andrey Davydov, Olga Skorbatyuk

Hpa Press, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.In the XXI century, God remains an unknown value to humans. Although God is the fundamental value in this world, as he is the Creator of all. A modern human cannot accept the idea of the existence of God due to lack of evidence that God exists. Blind faith is an indicator of low level of development of individuals, and is no longer a common stance of modern people, even those who are not well educated. People are willing to believe only that what they can see with their own eyes, test, and, of course, use in everyday life. That is natural. People only declare that they believe in God. No one really believes in him because human intellect is created in such a way that one is unable to take something seriously without evidence. Not to mention that recipes that religion offers as a practical guide-do not hold water from the point of view of a modern person. Also, in the eternal debate of psychologists: what is primary, soul or body, soul loses only because psychologists...
