Reviews

It is fantastic and great. It is written in easy words and phrases instead of confusing. I am just delighted to explain how this is actually the best book I have got read through during my individual life and might be the finest publication for ever.

(Prof. Murl Shanahan DDS)

ENTRENAMIENTO EN CONCIENCIA FONOLOGICA

CEPE CIENCIAS EDUCACION PREESCOLAR ESPECIAL, CIENCIAS DE LA EDUCACIÓN PREESCOLAR Y ES, 2012. Rústica. Book Condition: Nuevo. Dust Jacket Condition: Nuevo. 01. Este manual está dirigido a padres y terapeutas de niños (a partir de 2º/3º de Primaria) que muestran problemas en la lectura y en la escritura. . En cada actividad que se propone se expone el área o proceso que trabaja cada ejercicio, se presentan las instrucciones y se ofrece un material de tratamiento. . . . No aborda directamente la estimulación de la lecto-escritura, sino una capacidad anterior necesaria para poder adquirir correctamente aquella habilidad: la llamada conciencia fonológica, es decir, la capacidad de reconocer, manejar y alterar la estructura de los segmentos del lenguaje. . . . La conciencia fonológica, que puede observarse ya en la etapa pre-escolar, parece ser un indicador del desarrollo de la lectura y la escritura durante el periodo de educación primaria. Esta relación predictiva ha sido examinada en varios estudios y en diferentes lenguas y todos coinciden en que la conciencia fonológica es el predictor más importante de la lecto-escritura. . . . La aparición de dificultades de lecto-escritura se ha relacionado, además de con una pobre conciencia fonológica, con la baja capacidad atencional y dificultades de memoria. . . . El entrenamiento para mejorar y desarrollar la conciencia fonológica parece favorecer, según sugieren las investigaciones hasta el momento actual, avances en el desarrollo de la lecto-escritura de los niños de primaria. 160 grms. LIBRO.
