

Hip Disease in Childhood: With Special Reference to Its Treatment by Excision (Classic Reprint) (Paperback)

Filesize: 2.68 MB

Reviews

This ebook could be well worth a study, and superior to other. It really is basic but unexpected situations inside the 50 % of your ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Prof. Buford Ziemann)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Hip Disease in Childhood: With Special Reference to Its Treatment by Excision The greater part of the present work has been already published in America, in the Archives of Pediatrics; and most of the cases in Appendix I., with some of those in Appendix II., have appeared in the annual numbers of Abstracts, edited by the staff of the General Hospital for Sick Children, Manchester. The text has, however, been much revised and expanded from the American issue, into which many mistakes crept from my having no opportunity of correcting proof sheets. The list of excisions has been enlarged, and later records of the condition of many of the cases obtained. That this record is not more complete is due to the practical impossibility of tracing many patients after their discharge from hospital. Most of the cases, however, have been followed up for considerable periods. I have thought it worth while to publish the work in its present form since hip disease is one of the subjects on which the most directly conflicting views are still held, especially as to the question of excision, and the results of an experience of several hundred cases cannot be without interest. The present uncertainty in the matter is, in my opinion, to no small extent due to the habit of assuming that all joints of the body are affected by disease in the same way, while, in fact, the effects of disease are as different as is the construction of the several joints, and the hip stands much by itself in its pathology. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more...
